Welcome to week 9! We are on a downhill slope now until the end of term and are busy worker bees.

**Curriculum**

In all subject areas our students are finalising assessment pieces for the end of the semester. They have been working really hard on their writing pieces and have produced some very detailed biographies on Australian Authors (years 3 & 5). The Prep to 2s have written some great information reports about occupations in our community.

In science the kids are completing information posters on the solar system and the night and day sky. They have really enjoyed learning about the universe and the effect of the sun and moon on the earth.

Next Semester students will be moving onto Geography in the area of humanities. The students have really enjoyed history with Mrs Price this semester and studying the Aboriginal culture.

**Report Cards**

Report cards will be posted home in the last week of school. If you require a meeting regarding your child’s report card, please make an appointment to see me at the beginning of Term 3.

**Camp**

A reminder that all students need to pay $55 of their camp fees by the 21st June (Tuesday of Week 11). This part of the fees is for Windorah Sports Camp in week 1 of term 3. The rest of the fees need to be paid by Monday the 15th of August. Please see us in the office if you require a payment plan.

**Landsborough Flock Ewe Show**

A reminder that Fleur will need help with food preparation on Friday for Saturday. If you are able to help, can you please meet her at the race course kitchen at 9am. On Saturday if you are able to help, please let Fleur know times that you are available so we have an idea of who can work when. Please leave a message on the school phone.

**Healthy Lunchboxes**

Diet has a big impact on not only our healthy but also our behaviour. Foods high in sugar can effect our moods and ability to focus and concentrate. Our kids need to have a filling, healthy breakfast to give them the best start to the day.

Here are some great lunch box ideas to inspire you! Each lunch is prepared with foods from the five food groups, which ensures your child is receiving all the nutrients they need to grow big and strong.

As for drinks – water should always be provided with students lunch. No cordial or sugary drinks should be included in any child’s lunch box. Low-fat plain milk can be consumed daily, while flavoured milk and juice should be restricted to once or twice a week. Fruit is an essential everyday and cheese sticks/vegetables sticks are a great idea for lunch. Poppers and flavoured milk need to be kept for tuckshop days as a treat for the week.

- Sushi bread sandwiches – made by flattening the bread and rolling it up.
- Egg salad roll on wholemeal bread.
- Corn fritters with turkey slices.
- Pasta salad works!
- Ham and salad sandwich
- Mini wrap rolls

Tanya Bambling
