Our school strategies are showing substantial progress toward our targets

After reviewing our Great Results Guarantee agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- Working collaboratively, within the Coalition of Western Small Schools to increase teachers' repertoire of effective strategies for teaching writing and numeracy processes across learning areas.
- Creating individual goals for students that reflect their learning needs
- Purchasing extra teacher aide time to allow individual intervention for students
- Develop collaborative data inquiry processes (to build teachers' ability to interpret data, identify and scale-up effective teaching practices and differentiate better).
  Have had Explicit Instruction coaches to the school to observe and provide feedback
- Embed the culture, climate, processes and protocols of classroom observation and feedback to support professional development and encourage reflective practice/action learning.
- Build teacher capability to plan differentiation and embed practices to improve learning.
